Re	Federal Income Support Portal Now Open

**Please distribute the following information across your networks to share as widely as possible to ensure that Ukrainian displaced persons in Canada have access to this important support.**

Ukrainians arriving in Canada can now apply to receive transitional financial assistance.

The benefit will consist of a direct, one-time payment of \$3,000 per adult and \$1,500 per child (17 years and under).

Ukrainians and their family members who are in Canada with a valid work permit, study permit, temporary resident permit or visitor record under the Canada-Ukraine authorization for emergency travel (CUAET) will all be eligible to receive this one-time payment. Applications for the assistance must be submitted through the [Government of Canada's online portal](#), which opened today.

Payments are expected to be issued through direct deposit within 5 business days of the application being submitted. Applicants must therefore have a bank account with a Canadian financial institution. The name associated with the account must match the name written on the adult's temporary resident status document, and those arriving should also obtain a Canadian social insurance number (SIN) as soon as possible in order to be able to work.
